

From the desk of:

Byron Hardin, TWUA President

As the incoming President of TWUA; I feel deeply honored and want to thank you for your support and confidence. I have very fond memories of District Meetings and TWUA Training Events and it is with great pleasure that I assume the duties of the President.

The past presidents of this association have left very big shoes to fill and I only hope to be as effective as my predecessors. Being associated with the current group of management committee members is indeed an honor and together we will work to guide this association in the upcoming years. I sincerely hope that you will feel comfortable in sharing your ideas and view points and you have my assurance that all feedback is taken very seriously. We may not be able to immediately enact your suggestions but we will give serious consideration to your feedback.

I want to recognize and thank the group of outstanding individuals who make up the Regional Boards and the Officers of the Districts. Being a volunteer in these vital segments of this association is a thankless task and without your dedication and willingness to advance the training efforts of this association, TWUA would not be in the position that we are today. If there is a member who would like to become more involved please let me or someone from the various boards know and together we will make sure your desires are known and your willingness to assist is taken advantage of.

TWUA is a great organization and I sincerely hope that you will remain or become active and assist Central Office in the efforts to advance Operator Training 💧

Sincerely,

Byron Hardin
